CRYOSPHERE, 3D coculture of human PC and NPC cells from the same liver: . 1st EJP RD Joint Transnational Rare Disease Research Project Competition (JTC 2019). This year we, along with other scientific organizations including Hapmap, CCL, PEC, CSG, REN, CHINESE & AUSTRALIAN GERMS, and others, presented one of the biggest and most interesting projects this year at EJP RD! Our \$5 million grant was received from the National Institutes of Health (NIH) and others! The project aims to explore the possibility of replacing CRYOSPHERE, a 3D coculture of human PC and NPC cells from the same liver, for the treatment of rare diseases. . fffad4f19a
